FRANK T. GLASGOW  
COMMITTS SUICIDEContinued Ill Health Causes  
Young Man to End His  
Life.

Frank T. Glasgow, Jr., committed  
suicide shortly after 9 o'clock yester-  
day morning, at the Tredgair Iron  
Works by shooting himself in the head  
with a revolver. Continued ill health  
is assigned as the cause of the deed.  
Coroner Taylor viewed the remains,  
and decided that an inquest was un-  
necessary, and the body was turned  
over to an undertaker.

Mr. Glasgow was thirty-eight years  
old. For a number of years he had  
been in charge of one of the prin-  
cipal branches of the Tredgair Iron  
Works. He had ample means in his  
own right, and was known to be of  
exemplary habits.

Result of Typhoid Fever.

Not long ago he had an attack of  
typhoid fever, from the effects of  
which he never fully recovered. It is  
supposed that his continued illness so  
preyed on his mind as to cause him to  
take his life and end his sufferings.

He is survived by his father, Francis  
T. Glasgow, Sr., five sisters, among  
whom is Miss Ellen Glasgow, the noted  
author, and one brother, Arthur G.  
Glasgow. The funeral will be held  
from the home, 1 West Main Street, at  
4 o'clock this afternoon, and interment  
will be in Hollywood Cemetery.

Miss Ellen Glasgow, the authoress,  
called for Europe last Saturday, and  
will not learn of her brother's death  
until her arrival in England.

## CANDIDATES ARE BUSY

Tucker and Mann Spend Day in Headquarters  
Giving Important Directions.

Harry St. George Tucker and Judge  
William Hodge Mann, candidates for the  
governorship, spent yesterday in their  
respective headquarters at Murphree's dictat-  
ing and preparing to resume their work on  
the stump. Both appeared to be in good  
spirits concerning the outlook, and received  
their callers in a most cheerful manner.  
Judge Mann will go to Southampton to-  
morrow, where he will make two speeches.  
He will address an educational rally at  
Courtland during the day and will make a  
political speech at Franklin at night. He  
will go from the latter point to Accomac  
Court House, where on Monday he will deliver  
a course of honor. Confederate soldiers  
of that county. He will make several polit-  
ical speeches in the county.

Mr. Tucker will leave to-day for a tour  
of several days through the Northern Neck.  
Both candidates will return here some time  
next week.

## MILITARY LECTURE

Distinguished Officer to Address Local  
Soldiers on Rifle Practice.

Colonel R. K. Evans, who is in charge of  
the Staff College of the War Department  
at Washington, will be here to-day for  
the purpose of looking over the various sites  
proposed for a State rifle range, and will  
address an illustrated lecture at the Chamber  
of Commerce to-night on the subject of rifle  
practice.

The address will be interspersed with  
reception views, showing various per-  
formances in modern target shooting.  
There will be a large attendance from  
the various local military organizations, and  
it is understood that Adjutant-General  
Charles J. Anderson will preside and intro-  
duce the speaker. Colonel Evans will take  
several days to inspect the various sites  
proposed before returning to Washington.

## Governor Leaves To-Day.

Governor Swanson will leave this morn-  
ing for Washington, where he will join the  
members of the National Confederate  
Monument Commission, who will proceed  
with him to the historic battlefield for  
the purpose of selecting a site for a monument  
to be erected there by the State of Vir-  
ginia. The party will probably not return  
before next week.

TREAT WINS IN  
THE FINAL RUNCaptain Rogers, of Petersburg,  
Takes Oath of Office as  
First Deputy.

Morgan Treat's appointment of Cap-  
tain A. Rogers, of Petersburg, as  
chief deputy in his office as United  
States Marshal, was yesterday con-  
firmed by the Attorney-General. An  
official notification was received shortly  
after 10 o'clock, and within less than  
two hours, the new official reported for  
duty. At noon Judge Waddill, in open  
court, administered the oath of office.

The action follows one of the bit-  
terest factional fights ever conducted  
in local Republican circles, and came  
as a result of the dismissal of Major  
M. J. Enright, on December 8, 1908.  
A day later Mr. Treat named Captain  
Rogers as his successor, and although  
no objections to the appointment have  
been made, nevertheless the causes of  
the marshal's action have been taken  
to the highest Federal authorities.

Mr. Treat's Statement.

Mr. Treat says: "I have always  
been confident that my action would  
be sanctioned by the authorities, and  
I knew that I was entirely within my  
rights. I am gratified that the action  
was taken after every particle of evi-  
dence on both sides had been carefully  
weighed." Major Enright could not  
be found yesterday.

When the action of the department  
was postponed until after the inaugu-  
ration of President Taft, there was  
joy in the camp of the Enright fol-  
lowers, as this was taken to mean, as  
the major claimed to be one of the  
original Taft men in the State, that  
the result would be in his favor. Many  
trips were made to and from Wash-  
ington by those interested on both  
sides, and it is said that the affair  
was brought to the personal attention  
of Mr. Roosevelt and of Mr. Taft.

The complexities of the situation  
were discussed in the Department of  
Justice, as well as in the Civil Service  
Commission, and finally the Attorney-  
General got hold of the papers. The  
result is pronounced a victory for Treat,  
and his friends, and is said to indicate  
that the present administration will  
not interfere with his appointment.

May Renew Their War.

Mr. Treat's tenure of office expires  
on the 15th of this month, and it is  
safe to assume that his opponents  
will renew their war at that time. Both  
men are well backed in political cir-  
cles. "As long as the factions are at  
war," says one commentator, "there  
will be no peace in local Republican  
circles."

Captain Rogers is one of the best  
known figures in his party in Virginia.  
He has always been regarded an "old  
line" Republican, and has, several  
times previously, held Federal office.  
He was cordially received after the  
oath of office had been administered.  
It is singular to note in connection  
with the dispute which has arisen, and  
which has lasted through four months,  
that Mr. Treat, and others of his  
friends, including Major Enright, were  
always Judge Taft's firm supporters.  
Major Enright went to the national  
convention, which nominated Mr. Taft.  
Mr. Treat and his associates did not  
consider it best to have a Federal  
office-holder represent their party.

After returning from the convention  
Major Enright, it is alleged no longer  
affiliated with his former friends. The  
result was his dismissal, and from  
this source alone has resulted the dis-  
putes.

VERDICT IN SEVEN CASES

Small Negro Boy, Charged With Burglary,  
Remanded to Jail.

The jury in the Hastings Court yesterday  
disposed of seven cases which came up for  
trial.  
Martha Myers, indicted for grand larceny,  
was acquitted.  
Isiah and Arthur Reed were sentenced  
to three years on the roads each for house-  
breaking, and Isiah Reed received another  
year on a similar charge.  
William Dahmer was sentenced to ten  
years in the penitentiary on the charge of  
burglary.

Mary Mayberry, indicted for malicious  
wounding, had her charge changed to one  
of assault and battery, and was sentenced  
to ninety days in jail.  
The charge for malicious wounding  
against Dolly Harris was also changed to  
one of assault and battery, and she will  
spend ninety days in jail.  
Charles Atkins, Claude and Leroy Smith,  
all small negro boys, were tried on the  
charge of housebreaking. The first two  
pleaded guilty, but they are so young that  
they were remanded to jail pending the  
passing of sentence. Leroy pleaded not  
guilty, and was acquitted.

Each Swears to Warrant.  
Sam Reeves and James Minnis, both col-  
ored, swore out, each warrants against each  
other yesterday, and both were arrested.  
Reeves charged that Minnis had assaulted  
him, and Minnis charged that Reeves had  
assaulted and beaten him. The case will  
be tried in the Police Court.

Charge Embellishment.  
The case of Charles Mosley (colored),  
charged with embellishing property in which  
Leslie H. Drew had a partial share, was  
continued yesterday morning to April 13.  
Mosley was bailed in the sum of \$1,000.

TOOK UNSTAMPED  
WHISKEY BARRELSDriver Gives Damaging Evidence  
in Trial of Fair Oaks Dis-  
tillery Proprietor.

District Attorney Lewis stated at the  
conclusion of yesterday's hearing in  
the trial of Fred Cox, one of the prop-  
rietors of the Fair Oaks Distillery, in  
Henrico county, that the government  
would complete its case to-day. This  
will be followed by cross-examinations  
by attorneys for the defense, and not  
until to-morrow will the first of the  
witnesses for Cox be heard. Arguments  
will probably not be begun un-  
til Friday afternoon or Saturday.

There is much conjecture as to the  
outcome of the case, which grows in  
interest as the trial progresses. The  
examination of witnesses seems to dis-  
close that there were violations which  
have, however, proved difficult to trace.  
The hearing is much delayed by argu-  
ments of the attorneys, and every step is  
being vigorously fought.

Removed Unstamped Barrels.

The most damaging testimony yet  
introduced against the defendant was  
that of John Johnson, a negro driver,  
who says he took unstamped barrels  
from Cox's yard, and removed them to  
his home. Johnson was taken into cus-  
tody yesterday, and the barrels con-  
tained whiskey, the witness could  
not swear. Charles Skinner, formerly  
an employee of the Fair Oaks Com-  
pany, who afterwards became an em-  
ployee of the revenue agent, testified  
that he saw men coming from the  
barrel warehouse to the priory, and  
whiskey in their hands.

He, with other employees, were in  
ambush to catch any illegal opera-  
tions. On cross-examination, however,  
the witness gave conflicting state-  
ments, and his evidence was somewhat  
discredited. Attorney John A. Lamb  
was excused from the courtroom at  
4:45 o'clock, and an adjournment was  
ordered until to-day at 10 o'clock.

D. O. Gates, of Little Rock, Ark., a  
revenue agent, who was engaged in  
making examinations in the local of-  
fice at the time Cox was first arrested,  
was an interested spectator yesterday.  
He sat with District Attorney Lewis  
and Revenue Agent Chapman, and  
was at intervals in close conversation  
with them.

Trying Hard to Convict.

The government seems to be making  
every effort to place the crime, and the  
defense is equally active in its attempt  
to clear Cox. David E. Casper was  
jointly indicted with Cox, and the out-  
come of his case depends largely, it is  
said, on the present proceeding.

It was at first expected that the  
hearing would consume but two days,  
but it seems now that it will neces-  
sitate the postponement of the hearing  
of the regular docket, at least, until  
the first of next week. The case  
against Frank P. Burke, which is set  
for Friday, will undoubtedly be pos-  
tponed, although there is no chance of  
its not being heard at this term of  
court. Burke's trial will probably be  
called the day following the verdict in  
the Cox case.

The Library Association of Virginia  
will have an interesting meeting at  
Richmond College on Saturday night,  
when an address on library work will  
be delivered by Arthur L. Bostwick,  
chief of the department of circulation  
of the New York Library.

The association has the earnest co-  
operation of the Virginia State Lib-  
rary, and of nearly all the profes-  
sional librarians in Virginia. Mr.  
Bostwick will speak of the value of  
libraries and the way to get and use  
them, but he will not address himself  
to the technical side of the question.

The association is doing good work  
throughout the State, although it is  
only recently organized, and its con-

cities in the State are falling into line,  
and are joining hands with those who

BOARD OF HEALTH  
WILL INVESTIGATEChesterfield Dairyman Alleges  
That Inspector Made Profit on  
Sale of Cows.

NO FORMAL CHARGES FILED

Nevertheless, Department Will  
Sift Reports and Place Blame,  
if Any.

Further interest has been injected  
into the recent controversy between  
James Bellwood, a Chesterfield dairy-  
man, and the City Health Department,  
by complaints and allegations that  
which have been made by R. S. Hat-  
cher, one of the inspectors of the  
department. Hat cher complains that  
Curtis, an inspector of the Richmond  
Health Department, advised him to  
visit his place for the purpose of  
inspecting the cows in his herd. It  
is further alleged that the inspector  
advised the dairyman to sell out his  
stock, and said in his report a market  
for the cows in his hands he would  
let the dairyman know. It is alleged  
that Curtis found a purchaser for  
the cows, and that Hat cher paid  
him a commission of \$25 on the sale.

Inspection Long Delayed.

Hatcher says that later he decided  
to re-enter the dairy business, and to  
comply with the regulations of the de-  
partment here, but that he found great  
difficulty in getting an inspector to  
visit his place for the purpose of pass-  
ing upon the question of its fitness.  
When Curtis finally came, he alleges  
that the season was far advanced, and  
that it was in the middle of the  
of the sale of a great deal of milk  
and butter.

The whole matter will come up for  
investigation before the next meeting  
of the Board of Health, which will  
take place at the City Hall on Monday  
night. It is expected that the board  
will discuss the subject for publication  
pending the proposed inquiry, and it is  
not known at this time exactly in what  
form it will be presented.

Will Investigate Fully.

That the whole matter will be thor-  
oughly threshed out, however, is evi-  
dent from a statement made last night  
by the City Health Department. One  
of the city, who said that though there  
were no formal charges before the  
board, yet if none should be presented  
by the city, the board would be sure  
that Mr. Curtis would ask an investigation  
on his own account. Dr. Levy went  
on to say that if the board should  
come from either side, he was certain  
the board would take the matter up  
of its own volition and ascertain what,  
if anything, was in the complaints  
lodged by Mr. Hatcher.

It is said that Inspector Curtis was  
present at the department when a com-  
plaint was made, and that he was con-  
vinced that he made an explanation, which  
was entirely satisfactory to his su-  
periors.

TOLER WON'T DIE TO-DAY

Governor Swanson Grants Respite to Man  
Facing Death Sentence.

Executive clemency to Howard Toler, sen-  
tenced to death in the electric chair at the  
State Penitentiary to-day for criminal as-  
sault.

This action on the part of the Governor,  
which has the effect of staying the execu-  
tion of the sentence, was taken at the  
request of the judge and jury before whom  
the man was convicted.

Toler is a native of this county, and at first  
it appeared that the case against him was  
a very plain one. It is said, however,  
that there is after-discovered evidence,  
which favors the prisoner, and the  
Governor wishes to look into this before  
he permits the execution. The Governor  
has ordered the papers carefully and  
render his decision before May 7, the day  
to which clemency has been extended.

POSTMASTER INDICTED

Grand Jury Charged Official With Robbing  
His Own Office.

Edward C. Lewis, indicted yesterday by  
the grand jury of the United States District  
Court, must stand trial for embezzling let-  
ters from the post-office at Cran-  
ford, N. J., at the time of the alleged  
crime was postmaster at the office,  
and according to inspectors he reported the  
offense to the post-office at Cranford.

Indictments were returned against  
Charles H. Hinton, of this city, for sell-  
ing unstamped tobacco on November 3, 1908;  
against Norman Allen, who is alleged to  
have sold unstamped tobacco at Cran-  
ford, Gloucester county, April 3, 1908, with  
criminal intent, and against Clara Rose  
(colored), who is alleged to have sold  
unstamped tobacco at Cranford, Gloucester  
county, and Potomac Railway.

of Commercial Organizations  
Is Adopted.

SCOPE OF EACH DEFINED

Directors of Chamber to Go on  
Board of Business Men's  
Club.

Without curtailing in any way the  
usefulness of either the Chamber of  
Commerce or the Business Men's Club,  
the Board of Directors of the Cham-  
ber at a called meeting held yesterday  
afternoon adopted a resolution sub-  
mitted by the committee providing for  
the working of the two organizations  
on a co-operative basis. According to  
the plan outlined yesterday an effort  
will be made to have all the members  
of the Chamber of Commerce join the  
Business Men's Club, and the mem-  
bers of the club who do not belong  
to the Chamber become affiliated with  
it. The report of the special commit-  
tee carried with it the recommenda-  
tion that the members of the Cham-  
ber of Commerce who care to belong  
also to the Business Men's Club should  
not be charged any admission fee. Also  
it was recommended that three mem-  
bers of the Chamber of Commerce be  
named on the board of directors of the  
Business Men's Club. The members of  
the Chamber appointed for the pur-  
pose of looking into the matter were

o'clock, for final action.

make its efforts to the fostering of  
a more intimate and friendly acquaint-  
ance of the business men of the city  
with each other by the operation of a  
restaurant for the exclusive use of its  
members and guests, and with the pur-  
pose of stimulating the get-together  
and pull-together spirit in the  
interest of Greater Richmond, and  
has expressed the desire of its mem-  
bers to work through the Richmond  
Chamber of Commerce, and within the  
Chamber's province; therefore be it  
Resolved by the Board of Directors  
of the Chamber of Commerce, the as-  
sembly concurring, That the Chamber  
and the Business Men's Club be hereby  
indorsed, and that the Chamber recom-  
mend to its own members to become  
also members of the Business Men's  
Club, and that the members of the  
Business Men's Club who are not now  
members of the Chamber be cordially  
invited to take out membership in the  
Chamber; and that the business man-  
ager of the Chamber be hereby in-  
structed to co-operate with the man-  
ager of the Business Men's Club as  
far as may be practicable and consist-  
ent with his prescribed duties in the  
Chamber in inducing members of the  
Club and also become members of
